

Bell & Bain PPWR Packaging Information Statement

Packaging and Packaging Waste Regulation (PPWR)

Bell & Bain is committed to reducing the environmental impact of packaging used in the manufacture and distribution of our products.

We work with approved packaging suppliers to ensure that packaging materials supplied to Bell & Bain comply with applicable legislative requirements, including the European Union Packaging and Packaging Waste Regulation (PPWR), where applicable.

The packaging used by Bell & Bain is selected with consideration for:

- Recyclability
- Resource efficiency
- Waste reduction
- Responsible sourcing of materials
- Compliance with customer and regulatory requirements

Supporting evidence of supplier compliance, declarations and technical specifications are retained by Bell & Bain and are available upon request where appropriate.

We continually review our packaging materials and suppliers as part of our environmental and sustainability programme to support the transition towards a circular economy and increased use of recyclable and responsibly sourced materials.
